**PRICE LIST 1 JULY 2024 – 31 DECEMBER 2024**

**PATTERN FEES**  
**Master Patterns**

Minimum charge of R470.00 applies to all patterns.

Pattern pieces	Charge per pattern piece	Note
1-10 pieces	R89.00	First 10 pattern pieces
11-30 pieces	R99.00	After pattern piece 10
31-60 pieces	R101.00	After pattern piece 30

Master pattern edits all charged at R80.00 per pattern piece edit.

All patterns exclude paper/ hard board charged at R22.00 p/m.

**Example:**

Standard Hoodie with pouch pocket

Panel Count-- Centre Front Panel, Centre Back Panel, Sleeve, Cuff, Pouch Pocket, Pouch Pocket Iron Marker, Hood = 8 pattern pieces @ R89.00 = R712.00 for master pattern.

Should pattern pieces be less than 5 pieces a minimum charge of R470.00 will apply.

**Bulk Master Patterns**

Bulk pieces can be bought at discounted rates.

Note- that bulk pieces need be bought and paid prior to pattern intake.

Pattern pieces can be used across a maximum of 6 styles per 50 pieces bought.

Bulk pieces can also be used for pattern edits.

Pattern pieces	Charge per pattern piece	Amount
50 pieces	R86.00	R 4 300.00
100 pieces	R82.00	R 8 200.00
MAX 150 pieces	R77.00	R 11 550.00

## Pattern Grading

### **Option 1: Hand grading on hard board.**

Grading

1-5 pattern pieces @ R255.00 per size

6-10 pattern pieces @ R325.00 size

10+ No hand grading digital grade needed ref option 2

### **Option 2: Digital grading (consist of step 1 and 2 BOTH HAS TO BE COMPLETED)**

#### Step 1

Master pattern digitisation:

1-5 pieces @ R375.00

6-10 pieces @ R425.00

11+ @ R 55.00 per units exceeding for every additional piece

#### Step 2

Digital grading per size

1-5 pieces @ R290,00

6-10 pieces @ R340.00

11+ @ R 32.00 per units exceeding for every additional piece

## Sampling costs

Sampling is charged per master pattern piece drafted.

All trims are excluded from fabric cost and will be charged for.

Fabric Type	Charge per pattern piece	Note
Woven (non stretch)	R90.00	Surcharge may apply fabric depending
Knit (stretch)	R88.00	Surcharge may apply fabric depending
Silk, satin, georgette, chiffon	R103.00	Surcharge may apply fabric depending

### **Example:**

Standard Hoodie with pouch pocket

Fabric Type: Stretch Fleece

Panel Count-- Centre Front Panel, Centre Back Panel, Sleeve, Cuff, Pouch Pocket, Pouch Pocket Iron Marker, Hood = 8 pattern pieces @ R88.00 per pattern piece = R 704.00 total sample cost.

### **Enzyme wash:**

Biological enzymes are used in this wash to specifically target and remove excess starch that accumulated during the fabric weaving process. Biological enzymes catalyse the reaction between starch and the water solution optimising the removal of excess starch. Ideal for synthetic and natural fibres pre or post production.

### **Pre-Shrink Enzyme:**

This wash is done at temperatures between 50 - 80 Degree Celsius. The wash consists of 4 parts to allow fibres to contract to max value and not shrink further.

Biological enzymes are used in this wash to specifically penetrate fabric fibres on high heat and lock fibres upon cold rinse Ideal for synthetic and natural fibres pre-production.

### **Fabric Softening NF – Intense**

This wash lubricates and seals fabric fibers with a bio softening formula. The formula allows softening of natural and synthetic fabrics while maintaining fusing and interlining properties. This formula activates at 20-30 Degree Celsius making it ideal for post production washing.

### **Shrinkage Max**

A natural formula is used on high temperatures to expand and contract fabric fibers to eliminate fabric shrinkage. Not recommended for natural fibers. Ideal for synthetic or elasticate based fabrics. Pre-production only.

### **Butter wash**

Introducing a new and innovative formula using biodegradable ingredients and a fluctuating heat process to penetrate fabric fibers. Post treatment the fabric feels super soft and lustrous. Ideal for natural and synthetic fabrics pre-production or post production.
